IN REPLY REFER TO:
FEAD/L5778
02 June 2008

Mr. Mike Wetzel
Security Construction Services
59 Apsley Street
Hudson, MA 01749

SUBJ: LETTER OF RECOGNITION, CONTRACT N40085-07-C-4054, NUWC GATE 23
BARRIER REPLACEMENT NAVAL STATION NEWPORT, NEWPORT RI

ENCL: (1) Contractor Safety Self-evaluation Checklist
(2) NAVFAC STAR program

Dear Mr. Wetzel,

The purpose of this letter is to commend you on your company's exceptionally high cumulative score on the Contractor Safety Self-evaluation Checklist. Security Construction Services scored a 92.3%.

Naval Facilities Engineering Command (NAVFAC) takes safety on construction projects very seriously and we are glad to see a contractor such as Security Construction Services with common goals and equally high standards. Enclosed we have provided a copy of our assessment performed on 19 May 2008 and a description of the NAVFAC contractor Safety Through Awards and Recognition (STAR) program.

We respect Security Construction Services' efforts to safely meet contract schedule and performance requirements to date and hope to continue to develop our partnership through successful completion of the project.

Sincerely,

Andrew J. Sullivan
Lieutenant Commander, U. S. Navy
Facilities Engineering and Acquisition Division
Public Works Department Newport
